

THE KURIYAMA VALUE™

METAL HOSE TO GO!™

HOSE TEC® TOUGH
METAL HOSE™

Stainless Steel Interlocked Metal Hose/Stainless Steel
Liner with Attached SS304 Schedule 40 TOE ends

- Saves downtime, easily adapts to new or replacement service applications.
- Ready to use 19' hose lengths that fit standard pneumatic trailer tubes; also available in lengths ranging from 6' to 25' for other trailer unloading applications; no welding required.
- Available in 4", 5" and 6" ID sizes.
- Accepts Aluminum or Stainless threaded cam-lock parts A or D, and Kuriyama's Threaded Swivel Couplings with their **NEW HEX DESIGN** for easier assembly and improved product flow.

tigerflex®

Tigerflex™ Series 2020S™ Hose Heavy Duty Food Grade Polyurethane Hose With new anti-static additives!

- New improved polyurethane liner; permanently static dissipative for both dry and humid climates!
- Designed for bulk truck and railcar unloading and transfer of abrasive food materials
- Features fabric reinforcement, embedded grounding wire, transparent construction, cold weather flexibility and an easy-slide helix.

ALFAGOMMA®

T902AA

Hot air blower hose is heat & abrasion resistant

- Handles hot air under pressure, between the air compressor and dry bulk tank on bulk material carriers.

T760AA

T763AA

Abrasion-Resistant Rubber Delivery Hoses

- T760AA light weight and T763AA heavy-duty dry powder delivery hoses are designed for the discharge of dry powders, such as cement and grains under low pressure.
