

Kuriyama Oil & Gas Products Commercial Diving

LifeStar® LD1283 Series

Commercial Diving breathing
air hose with the unique
“Star Core” safety design.

**“Star Core Design”
Keeps Air Flowing**

- The LifeStar® “Star Core” safety design core tube may just be the most kink resistant Commercial Diving product on the market today.
- Made with a food grade polymeric compound to give the diver a clean breathing air passageway.
- LifeStar® hose can be made in long continuous lengths.

**LifeStar® can also
be used as part of an
umbilical hose group.**

“Pneumo” Hose K1166 Series

Low Pressure Air Hose

- High quality PVC compounds.
- Performs extremely well as a low-pressure air hose.
- Light weight for pneumo applications.

Our K1166 Series “Pneumo” hose can also be used as part of an umbilical hose group.

EPDM Rubber Hot Water Hose

- Cover – Black or red abrasion-and ozone-resistant EPDM.
- Reinforcement – Spiral polyester yarn.
- Tube – Black EPDM.
- Long lengths on reels.

Kuriyama Oil & Gas Products Subsea Umbilicals

Umbilicals

- Kuriyama Oil and Gas produces “Umbilicals” that are individually designed to meet or exceed our customer’s standards.
- Each hose and jacketing material is carefully evaluated for your project.
- At Kuriyama, we continually focus on innovative, cost effective solutions to meet our customer’s requirements.
- We have a team in place with combined experience and success in both hose and umbilical manufacturing to meet your needs.

Kuriyama Oil & Gas Products Commercial Diving

Sea-Builder™ Series Twin Line Diving Hose

Commercial Diving Twin Line Hoses for Use with Sub-Sea Hydraulic Tools

- Available in long continuous bulk lengths.
- Shipped with both the inside and outside ends exposed, allowing for easier assembly and/or connections.
- Assembled product version is available with a choice of stainless steel or steel fittings.
- Slither® cover is ultra-slippery; allows for ease of unreeling and take-up; readily glides over contact surfaces; hose maneuvers around and through difficult bends for easier handling and provides abrasion resistance.
