PF151R3 Series

Applications:
Piranha Hose Products PF151R3 Series hose is used in general purpose low pressure hydraulic applications. This hose is intended for use in common industrial hydraulic, construction, material handling and agricultural equipment applications.

Construction:
PiranhaFlex™ PF151R3 Series hose consists of three individual components bonded to ensure maximum performance.

- Tube – Specialty grade nylon.
- Reinforcement – Braided high tensile strength fiber reinforcement.
- Cover – PF151R3 Series hose has a black abrasion resistant polyurethane pin pricked cover.

Features:
- PF151R3 Series meets or exceeds SAE 100R3 performance and requirements
- The cover is a specially formulated; smooth, seamless, perforated, polyurethane compound

Packaging:
- Hoses supplied in 250 ft. reels. All reels will have no more than 2 pieces, with no piece less than 50' in length.
- All non-standard lengths are treated as a made-to-order item and will require a minimum of 5,000 ft. to manufacture.
